

December 11, 2015

I am pleased to announce that **Alan Clutter** joined us this week as our new **Director of Supply Chain**. He will office at the Wichita – Assembly facility, and will report to me. One of Alan’s primary responsibilities will be to work with the buyers and leadership teams at all divisions to develop a more strategically focused approach to procurement throughout the organization.

Alan comes to HM Dunn from Spirit AeroSystems. During his tenure with Spirit, Alan managed supplier relations and performance, contract negotiations, material assets, forecasting, and more. He increased product flow and decreased cost by implementing a forward-stocking location, and introduced a new parts change management system that was adopted across the entire company.

Alan brings with him a rich history in the industry and a passion for success. I am confident that you will find him to be receptive to new ideas and willing to go the extra mile to promote safety and get quality parts to our customers every time.

Please join me in welcoming Alan to our family.
